Hemorrhoids Have Met Their Match!

You may have noticed recently that Hydrocortisone containing rectal products (suppositories, foams, and creams) have **increased dramatically in price and are NOT being covered by insurance**.

Additionally, the treatments can take 1-2 weeks for even mild to moderate cases. Moss Compounding Pharmacy prepares a compounded options that not only works faster but is less expensive.

Here's why the Rectal Rocket Suppository works so well:

- Specially designed shape allows for medication to remain in contact with internal and external hemorrhoids
- Multiple medications provide inflammation reduction and pain relief all in one treatment option

Name	SIG	Quantity	Notes
Rectal Rocket Suppository (Hydrocortisone 2.5%/Pramoxine 1%/Lidocaine 2%)	Insert 1 suppository rectally each night at bedtime for 3 nights.	#3	Specially designed suppository to treat internal and external hemorrhoids with one medication Price = \$43 for #3 Typical treatment course = 3 days, with 1 refill (if needed)

NEW!!!! -- Rectal Rocket Mucoadhesive Gel for External Hemorrhoids and Rectal Irritation

Name	SIG	Quantity	Notes
Rectal Rocket Gel (Hydrocortisone 2.5%/Pramoxine 1%/Lidocaine 2%)	Apply 1mL rectally 3 times daily as needed for external hemorrhoid and/or irritation	20mL	Mucoadhesive Gel for increased effectiveness Price = \$45
