# Dealing with Head Lice?

We can help!

Head lice can be a challenge to treat. Recent reports show an increase in head lice resistance to many over-the-counter treatment options. This can lead to considerable frustration and expense due to treatment failures. Additionally, many of the treatment options contain toxic chemicals that carry other health risks.

*A better treatment option to consider is*

## ***Moss Head Lice Oil***

- Non-toxic topical oil preparation
- Available without a prescription
- Extensive instruction for patient and home treatment of lice infestation provided by our pharmacists
- Used by patients for over 20 years with consistently positive results

*Ask our pharmacy staff for details and assistance.*
